12. 2BCom is the assignee and the owner of all right, title and interest in and to the '643 patent and has the right to sue and recover damages for infringement thereof.

13. Upon information and belief, Defendant has been and continues to be engaged in making, using, importing, selling and/or offering for sale infringing products, including, but not limited to, the Accused Products in the United States generally, and in the Central District of California specifically. The Accused Products are available for retail purchase through numerous retail websites in the United States, such as www.amazon.com, www.bestbuy.com, www.walmart.com, www.bhphotovideo.com, www.staples.com, and many others including Defendant's own website at <https://store.netgear.com>.

14. Upon information and belief, by acts including, but not limited to use, making, importation, offers to sell, sales and marketing of products that fall within the scope of at least claim 21 of the '643 patent, Defendant has directly infringed literally and/or upon information and belief, equivalently, and is continuing to infringe the '643 patent and is thus liable to 2BCom pursuant to 35 U.S.C. § 271.

1 15. As a non-limiting example of Defendant's infringement of the '643
2 patent, set forth in Exhibit 2, is a preliminary claim chart showing Defendant's
